BASH SCRIPTING

LOOPS

```
for val in list
do
    commands
done
```

- Example lists:
  - 0 1 2 3 4
  - word1 word2 word3
  - {start..stop..step}

LOOPS CONT.

- Can leave out `in list` part -> loops through arguments
- While loops:

```
while condition;
do
    commands
done
```
